Model 07 Gater Grapples Grapple

Imagine building a rock wall and not only having 360 degrees of rotation but also being able to tip the rock so that you can see the bottom or the top to help you place it the best possible way - the first time! Attach a Gater Grapple to your machine and you'll be in demand, and ready to go to work!

SPECIFICATIONS:

360 degree continuous rotation
For machines from 3.5 to 12 tons
Valve in head
Replaceable teeth

Many other options available.
