MODEL 16

Model 16 Gater Grapples Metal Shear

Gater Grapples Metal Shear 16 inch jaws will open to 16 inches. It has a 180 degree side to side swivel for better visibility. There is no hydraulic feedback to the excavator and the excavator needs to produce 35 gallons a minute oil flow and 2200 psi working psi. This metal shear has adjustable auto step on open and shear jaws are lined with replaceable and turn able knives. Knives can be turned up to 4 times. It will cut class 8 truck frames and it cuts up to 2 ½ inch diameter solid round bar.
